# THE FOREST CABIN
# LONGEVITY GUIDE

Train Less, Live Longer • Nature + Minimal Equipment

5 Moves • 2 Kettlebells • 1 TRX • Forest Air

**WHY THIS WORKS FOR LONGEVITY:**

01 IMPROVE MOBILITY - Stretching restores flexibility & protects aging joints

02 RETAIN MUSCLE - Resistance preserves bone density & daily strength

03 BOOST VITALITY - Dynamic moves improve cardio & metabolism

04 ENHANCE BALANCE - Core work improves stability & prevents falls

@TheGrowthFramework

# THE 5-MOVE PROTOCOL

Bold rep counts • Control over intensity • Consistency wins

01 / 05

## GOBLET SQUAT

**12 REPS x 4 SETS**

Foundational strength for daily life. Protects knees, builds legs. Hold KB at chest, sit deep.

02 / 05

## TRX SUSPENSION ROW

**12 REPS x 4 SETS**

Posture & pull strength. Counters sitting, retains back muscle. Lean back, pull chest to handles.

03 / 05

## KETTLEBELL SWING

**20 REPS x 4 SETS**

Power & vitality. Cardio without joint pounding. Hinge hips, snap forward, bell to chest height.

04 / 05

## HAMSTRING STRETCH

**30s HOLD x 3 EACH LEG**

Mobility = longevity. Prevents falls. On deck, heel on rail, hinge forward gently.

05 / 05

## DUAL KB FARMER CARRY

**40m x 3 ROUNDS**

Best longevity predictor. Grip, core, balance. Walk tall, heavy bells at sides.
